

INTERNATIONAL DERMATOLOGY OUTCOME MEASURES

IDEOM stakeholders who are active with current projects will be meeting next week in Washington D.C. for the IDEOM annual meeting.

NOTE FROM THE PRESIDENT

Our annual meeting is scheduled for May 16-18 in Washington DC. Kendall Marcus will be speaking again. The HS, psoriasis, psoriatic arthritis and acne workgroups will be attending. The pyoderma gangrenosum stakeholders will be introducing their work.

IDEOM is also holding a meeting at the World Congress of Dermatology in Milan on June 9. Other

updates: the American Academy of Dermatology is moving forward with our IDEOM initiated global PGA for acne, psoriasis and eczema as an outcome measure for MIPS/MACRA. The IDEOM treatment outcome PRO is making progress. The PSAID psoriatic arthritis PRO has been accepted into CORRONA and will, hopefully, be part of other psoriasis registries in the near future.

Thank you all for your continued support of IDEOM.
